

Why?

We are often asked, "Why do we take the time and effort to give out food and clothing?" The answer is simple, we believe this is one of the things Jesus would be doing if he were here today. We have been called to be the hands and feet of Jesus.

Two thousand years ago Jesus touched the lives of those in his community not only with powerful, miraculous actions, but also with some very simple, tangible acts of kindness to those in need. Jesus had compassion for the crowds, and it's the same compassion that motivates our heart to help you.

We count it a privilege to serve you and pray that the love of Jesus which has touched our heart may touch yours as well.

Thank you,

The Harvest Compassion Center Team
